

The Luxury of Living

You will never know until you have an abundant supply of water in your home. When you consider that we do the pumping all the year 'round, and that your water supply is always under pressure, there is

Nothing so Cheap

in all your living expenses as the water supply from our mains. You may have water for sprinkling the street and lawn, a faucet in the kitchen, another in your stable and the charge is

Only \$12 per Year

for 30,000 gallons. With the bath-room connected the cost is \$16.00 and the allowance 40,000 gallons. The first cost of installing the water is about the same as building a new cistern. Come in and talk about it anyhow, or see your plumber

TRIPLE CHIEF

Nine years old; 16½ hands high; blood bay with black points; white in face as characteristic of Old Indian; tail well set; long ears; extra limbs and feet. Bred by Fletcher Chestnut, Carlisle, Ky. "Triple Chief" is a horse of finest finish; a Hackney in action, and full of speed.
TRIPLE CHIEF will make the season of 1903, at Sunnyside, three and one-half miles from Mt. Sterling, on Grassy Lick Turnpike, at

\$20 For a Living Colt.
Money due when colt is foaled or mated, parted with, or bred to another horse. Lien on colt until service fee is paid.

TRIPLE CHIEF by Sims' Clark Chief 2:10. First dam by Harrison's Chief, 3:41; Second dam by Old Indian Chief, 8:32; Third dam by Collier's Chief, 8:32.
Sims' Clark Chief sire of Croxie, 2:14; Tony Newal, 2:19; Woodford Chief, 2:22, and others in 2:30. Sims' Clark Chief by Old Clark Chief, 89. First dam Virginia by Alexander's Abdullah, sire of Goldsmith's Maid, 2:14.

Harrison Chief, sire of George L., 2:26½; George T., 2:36; Jennie W., 2:32½; and of the dams of J. H. L., 2:38½; Lou Chief, the highest priced saddle mare that ever lived; King, the sire of \$10,000 Glorious Red Cloud; Bourbon Chief, the sire of \$5,000 Montgomery Chief and of Emily, the wonderful Show Mare at the World's Fair and Madison Square.

Indian Chief, sire of Red Cloud, Kentucky Chief, Lady de Jarnett, who first drew national attention to our State as producing the type known as Fancy Saddlers and Harness Horses. Indian's blood is in both Glorious Red Cloud and Montgomery Chief.

Students of Kentucky Harness Horses disagree as to the relative greatness of Harrison and his half-brother, Sims' Clark Chief (Old John), as producers. One or the other holds first place with no other contestant, save Old Indian Chief. Triple Chief should settle the question for this generation, representing Old John as his sire, Harrison through his dam, and Old Indian through his 2nd dam, a combination of blood lines unique, which must perpetuate the greatness of the three sires.

The intelligent breeder of to-day recognizes four essentials in the successful competition for honors and prizes—individuality, action, size and speed. The farmer demands size for animals left at home. We feel, in offering Triple Chief for public service, that he has no equal in these essentials, nor could have if blood lines are a guarantee. He stands 16½ hands, braced by two dams 16 hands, and throws size, as his colts testify.

Old John is without a peer as the sire of harness horses, roadsters and coach horses. Harrison combines the above with a grace and finish that made him and his get the show horses of the World. A span of geldings, sons of these two sires sold for \$4,000.

Glorious Red Cloud, the \$10,000 World Winner in the show ring, was by a son of Harrison, and his dam by a son of Indian. Montgomery Chief, the \$5,000 product of our own county, is the result of the cross of Harrison's and Indian's blood.
No other living sire offers these three coveted blood lines, Old John, Harrison and Indian. We predict that Triple Chief will be crowned King of Kentucky Sires. His colts, his individuality, and his ancestral achievements are the guarantee.

At the same place my celebrated Black Jack, **King Ball**, 16 hands, will make the season at \$8.00. Terms same as Triple Chief.

Mares grazed at 10 cents per day. Will not be responsible for accidents or escapes. Address, **SHIRLEY MASON**, Rural Route No. 1, Grassy, Ky.

Judge Mulligan's Famous Poem "IN KENTUCKY"

The moonlight falls the softest
In Kentucky;
The summer days come o'ftest
In Kentucky;
Friendship is the strongest,
Love's light glows the longest;
Yet, wrong is always wrongest
In Kentucky.
Life's burdens bear the lightest
In Kentucky;
The home fires burn the brightest
In Kentucky;
While players are the keenest,
Cards come out the meanest,
The pocket empties cleanest
In Kentucky.
The sun shines ever brightest
In Kentucky;
The breezes whisper lightest
In Kentucky;
Plain girls are the truest,
Maiden's eyes the bluest,
Their little hearts are trueest
In Kentucky.
Orators are the grandest
In Kentucky;
Officials are the blindest
In Kentucky;
Boys are all the fleetest,
Danger ever nighest,
And taxes are the highest
In Kentucky.
The bluegrass waves the bluest
In Kentucky;
Yet, bluebirds are the fewest (?)
In Kentucky;
Moonshine is the clearest,
By no means the dearest,
And yet, it nets the queerest
In Kentucky.
The dove-notes are the saddest
In Kentucky;
The streams dance on the gladdest
In Kentucky;
His pockets are the thickest,
Pistol hands the slickest,
The cylinder quickest
In Kentucky.
The song birds are the sweetest
In Kentucky;
The thoroughbreds are the fleetest
In Kentucky;
Mountains tower proudest,
Thunder peels the loudest,
The landscape is the grandest—
And politics—the damndest
In Kentucky.

WITH APOLOGIES—
The railroads are the fleetest
In Kentucky;
Passenger trains the dearest
In Kentucky;
If you wish to travel fast,
Use the "Anderson" first and last,
You don't want your time to waste;
That's the "road" that makes "the haste"
"To and thro' Kentucky."

Commissioner's Sale.

MONTGOMERY CIRCUIT COURT.

Ground Is Broken For New Line.

Ground was broken Wednesday for the interurban railway to Versailles and Frankfort. The place selected was in the suburbs of Versailles. The work of grading will be rushed. When the grading to Lexington is finished the work of laying the rails and ties will begin. Work on the line from Winchester will begin in ten days. The grading will begin at Winchester and the laying of rails will begin at Lexington.

Eight Candidates.

So far there are eight candidates in the field for the Republican nomination for Railroad Commissioner in this district—John C. Wood, of Montgomery; C. L. Gray, of Bracken; J. T. Patrick of Magoffin; R. C. Hill, of Lee; J. M. Owen, of Clark; Charles Lambert, of Campbell; George T. Siler, of Whiteley, and William Candill, of Rowan county. The Convention to nominate is to be held in Paris, May 6.

Reports are being circulated to the effect that Judge John G. Simrall will shortly announce as a candidate for the Democratic nomination for one of the Circuit Judgeships.

A New Jersey man was stripped of his clothing and tied to a railroad track by a highwayman.

Young Plants

Every farmer knows that some plants grow better than others. Soil may be the same and seed may seem the same but some plants are weak and others strong.

And that's the way with children. They are like young plants. Same food, same home, same care but some grow big and strong while others stay small and weak.

Scott's Emulsion offers an easy way out of the difficulty. Child weakness often means starvation, not because of lack of food, but because the food does not feed.

Scott's Emulsion really feeds and gives the child growing strength.

Whatever the cause of weakness and failure to grow—Scott's Emulsion seems to find it and set the matter right.

In Harrison, Too.

The general cry now is that the free pike system has resulted just as we always said it would, in converting our fine turnpikes into dirt roads. Here is how the Cynthia Democrat sizes up the situation.

"In the destruction of the turnpike system is involved the destruction of the business interests of the city. The Fiscal Court has appropriated \$14,000 for work on the roads this year. That sum will go a long ways if properly expended, and there is no reason to believe that the turnpike commissioners will not do their best in seeing that the greatest good is done the greatest number. In some places the roads are reported cut through the bed rock. These places must be built up from the bed rock. All repairs should be thorough—just as thorough as the former turnpike companies required. No contractor should be paid until he has done the exact things which the commissioners directed him to do. Every man should be held to a strict accountability for the thoroughness of his work, and it is the duty of every citizen who observes work carelessly done to report the matter at once to the commissioners. Complaint on the streets will do no good. Complaint to the proper authorities and if necessary take them to the spot." Our county people will observe and think.
